- **Share** your professional and personal experience by being a speaker at Nova SBE
- Keep your class together by stepping forward as **Class Representative**
- Strengthen our global networks by **organizing alumni events** around the world

I attended Nova SBE as an undergraduate and it was really a key step in my career. Most importantly it was not only the university degree - which is great - but also the fact that the university and the professors taught me how to think. And that's a critical skill that has been very important throughout my career so far.

**António Simões**, BSc Econ '93  
CEO  
HSBC United Kingdom
